BUSINESS TRAINING

A young salaried man decided to start in business
for himself. As he needed more money than he
had he went to borrow from his banker.

The banker asked him some questions and then
said:

"You're all ready to start a failure. I won't
help you do it. Go back to your job; get more
business training; get some knowledge of busi-
ness management. Then I'll help you start a
success."

Our officers are glad to help young men succeed.

MRS. CLARA NELSON DIED

Wife of Albin Nelson of Southeast
Brainerd Passed Away at a San-
atarium in Shakopee

Mrs. Clara Nelson, age 34, wife of
Albin Nelson, 908 Southeast Fif-
teenth street, died Wednesday morn-
ing, April 3, at Shakopee, where she
was being treated at a sanatorium.

She leaves a husband and one son
Kenneth. Her parents, Mr. and Mrs.
P. A. Soderberg reside in San Fran-
cisco, Calif. She also has two sis-
ters and three brothers in California.

She was a member of the Pythian
Sisters, Degree of Honor and Scandi-
navian Fraternity of Brainerd. She
at one time held membership in the
Swedish Baptist church. She was
born in Brainerd and lived practi-
cally all her life in this city and was
married here 14 years ago.

She was a lady of kind and chari-
table disposition and had many
friends who with the family mourn
the sad bereavement suffered.

The funeral will be held on Satur-
day afternoon at 2 o'clock from the
home, 908 Southeast Fifteenth street
and at 2:30 o'clock from the Swed-
ish Baptist church, Rev. A. Paulson
officiating.

MORE OF QUALITY

Where does all the Dirt
come from?

Scientists have definitely determined that air carries
about two pounds of finely-powdered dirt—literally
a peck or more—into the average home each week.
It seems unbelievable—at first. And then you re-
member certain windy days when the furniture was
constantly powdered with dirt. You remember, too,
how dusty everything was when you returned from
a vacation trip—and every window and door had
been tightly closed.

Some air is constantly creeping into the house—and
a single cubic inch may contain as many as 25 mil-
lion dust particles. Too small to see, of course, and
certainly too small to dislodge with ordinary clean-
ing methods.

There is only one way to get rid of it. Air brings it
in—then why cannot air take it out?

It can—with the aid of the Royal Electric Cleaner.
Just telephone or stop in at our store—and we'll
gladly show you how the Royal sweeps and cleanses
with air, and how thoroughly it cleans rugs, uphol-
stery, mattresses, hangings, walls and floors.
Eighteen cents a day will put this electric servant
into your home. Ask for a demonstration today.

CONCERT PLEAS CHURCH AUDIENCE

Augsburg College Band of Minneapolis Visits Brainerd on Their Spring Concert Tour

DR. CARL H. PETRI, DIRECTING

Varied Program of Band Music, Vocal Sextettes, Clarinet Duet, Address and Songs

The Augsburg College band of Minneapolis visited Brainerd Thursday on its spring tour and played to a large and appreciative audience at Bethlehem Lutheran church. Dr. Carl H. Petri is the efficient director of this capable musical organization.

The program was a varied one ranging from band music to vocal selections. Among the soloists deserving special mention were T. L. Nydahl who was in exceptionally good voice and sang "The Holy City" and R. Harbo, cornetist.

Professor Melbe delivered an extended address on Augsburg College, its plans, course of study, etc.

The program as given in full by the band follows:

- (a) March—"The High Pri-
vate".....K. L. King
- (b) Selection—Operatic Min-
gle.....E. W. Berry
- Vocal Sextette—"The Church in
Wildwood".....Dr. W. S. Pitts
- E. Dahle, B. J. Kleven, T. L. Nydahl,
R. Harbo, R. Larson, L. Anderson
- Clarinet Duet—Sextette from
Lucia.....Donizetti
- Mr. E. Dahle, Mr. H. Mygatt
- Medley Selection—Memories
of Stephen Foster.....
G. E. Holmer
- Vocal Solo—"The Holy City,"
.....Weatherly-Adams
- Mr. T. L. Nydahl
- Piano Solo—
(a) Spring Showers.....Fink
(b) Danse Ecossaise.....Baker
Mr. Leonard Anderson
- (a) March—"De Molay" Com-
mandery.....R. B. Hall
- (b) Medley Overture—Songs
of the Boys in Blue.....
L. P. Laurendeau
- Address
- Grand Sacred Selection—Love
and Loyalty.....
Arr. by Geo. D. Barnard
- Vocal Sextette—My God and
Father, While I Stray.....

- (b) March—E. Pluribus Unum
.....Fred Jewel

LYCEUM MAKES A PARAMOUNT CONTRACT

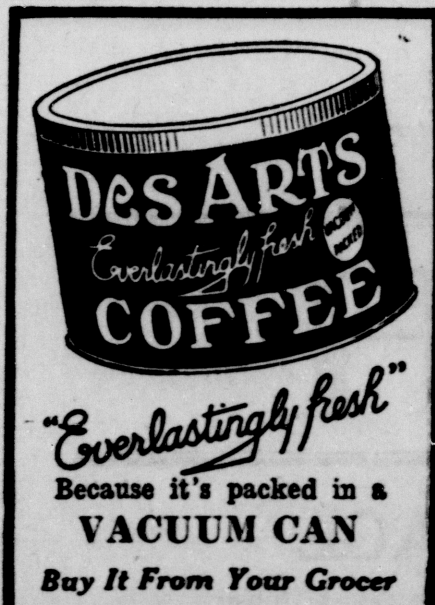

Summer Season Will Bring Many Fa-
mous Screen Stars in Notable
Plays to Lyceum

STATEMENT BY W. R. HILLER

Rudolph Valentino, Wallace Reid,
Thomas Meighan, Gloria Swan-
son and Others

Local theatre goers are assured of an unusual high grade of screen entertainment for the coming summer months. Manager Hiller of the Lyceum theatre comes forth with the announcement that he has contracted for many exceptional films, including the famous Paramount Pictures which are nationally known as the most expensive, and incidentally the most popular motion picture program on the market today.

Besides Rudolph Valentino and Wallace Reid, there are such stars as Thomas Meighan, Gloria Swanson, Dorothy Dalton, Jack Holt, Agnes Ayres, Betty Compson, and others. There are also the Cecil DeMille and George Melford productions, the latter the producer of the "Sheik" will be seen at the Lyceum during the summer months.

WOMEN TO AID COUNTRY CLUB

Ladies Under Leadership of Mrs. R. A. Beise to Raise Money to Build Temporary Club House

TEA AND CARD PARTY MAY 9TH

Mrs. Beise Appoints Her Corps of Lieutenants and Committees to Assist in the Work

The women of the Brainerd Country Club have undertaken to put up a club house and will have complete charge of financing, planning, and constructing it. This is quite an undertaking, but the women interested in the project are confident they will be successful. The structure will not be a permanent building, but will provide a convenient, temporary club house sufficient to satisfy the immediate necessities of the club by providing a shelter in inclement weather, a place to rest, to give teas and other social functions, etc.

It is intended to raise enough money to provide a building adequate for all these needs. If the ladies auxiliary of the golfers is given every cooperation, it is expected to have the temporary club house completed by the end of May.

Mrs. R. A. Beise has been named chairman of the general committee and she has appointed her lieutenants and committees. A series of functions are being planned to raise money and thus be able to start work immediately on the building.

The first of these social functions is a tea party at the Elks hall next Tuesday afternoon, May 9, at 2:15 o'clock. Every lady member of the club will be expected to do her share towards making this affair a success.

It has not been possible to get out special invitations. So when announcements are made in the press of this calendar of functions, to assist in such a worthy object, the ladies of Brainerd should respond and assist through their attendance.

The card party and tea was first planned to have taken place at the Chamber of Commerce rooms. So much interest was taken in the event that it was quickly seen more room would be required and accordingly Elks hall was engaged.

CHUCKLES AND LAUGHS HIGH SCHOOL TONIGHT

(Contributed)

Lest you forget, we want to remind you that two most exceedingly funny plays are given at the high school tonight at eight-fifteen. If you want to spend an evening of laughs, come up to the high school and chuckle at the desperate efforts of Bob Gemmell to avert his father's anger, and the loyal backing he gets from Gene Hitch to put it over on his father. Wild despair overwhelms the boys as the fatal moment approaches—terror seizes their souls—how they come out you'll see when you get there.

"The Burglar" gives you insight into the workings of a woman's mind, although Bob says they can't explain their actions themselves.

What would you do if you were an unprotected female in a house with a burglar, and no man within a mile? Ask Georgia Drexler, who is the only calm one among five hysterical, distracted women alone in a lake cottage. They'll keep you convulsed with both horror and laughter for half an hour. Don't miss it.

ST. CLOUD GETTING READY FOR LOCALS

St. Cloud Baseball Club Opens Season Against Fast Brainerd Team Sunday, May 7th

RECORD CROWD IS EXPECTED

H. O. Hegna, Southpaw of Oklahoma, to Occupy Box for "Granite City" Nine

(St. Cloud Daily Journal-Press)
St. Cloud opens its second season of rejuvenated base ball against the fast Brainerd squad in St. Cloud Sunday afternoon. H. O. Hegna, southpaw of Oklahoma, will occupy the mound and will be supported by one of the best teams of baseball stars appearing in independent ball in the state.

Brainerd has always proved a mean opponent to the St. Cloud nine and although defeated last year has strengthened its squad with the aim of netting a win for the opener. A 1,000 per cent start lends confidence to a team and Brainerd is out for confidence.

Grandstand Repaired

The St. Cloud Athletic association has strengthened the grandstand and built bleachers this spring until at present it is possible to seat approximately 2,000 fans. The outfield has been seeded with grass and the infield scraped until at present the St. Cloud diamond is considered to be the best outside the Twin Cities.

Dugouts have been constructed for the players, a score board has been placed on the fence and other additions have been made, giving the local diamond an appearance of big league class.

A record crowd is expected for the opening day as delegations have been reported to be planning an invasion of St. Cloud from Brainerd and neighboring towns. The first game is being widely advertised and should prove a central Minnesota attraction.

Play Belgrade Next

May 14, the St. Cloud team will play Belgrade. Much interest is being shown in this game as Belgrade has been negotiating for an encounter for some time. The invading team has a formidable lineup on the diamond this year and are making the trip here for the purpose of registering a victory.

A Souvenir.

The Boston Transcript recently ran across this in a story: "She held out her hand and the young man took it and departed."

NOTICE

To the Lot Owners of Evergreen Cemetery Association:

Owing to the fact that there are many lot owners in Evergreen Cemetery that have neglected to pay for the care of their lots for the past season, and several for the past two or three seasons, the Committee in charge have decided and so ordered that no work whatever will be done on any lot that has charges against it, hereafter, until all charges are paid. And the committee on grounds have decided that all persons who desire to have their lots cared for, during the coming season, must list them with the Secretary, J. T. Sanborn, of the Probate Court, and pay for same in advance. No orders will be taken at the Cemetery as heretofore.

The care of lots will be the same as last season, being full lots, \$5.00 and half lots \$3.00.

On or before the first day of May, 1922 a perpetual care contract will be issued for \$100.00 and after May 1st, 1922, \$150.00.

Your respectfully,
270110wf THE COMMITTEE

Watch the little folks speed home for Kellogg's Corn Flakes

"Mudder, I always wins the race when I carry home Kellogg's Corn Flakes. I can't hardly wait till I have some quick, mudder!"

It's great to see child-enthusiasm for Kellogg's; great to see every one in the family enjoy their crisp crunchiness and wonderful flavor! To sit down before a heaping bowlful of these joyous oven-browned "sweet-hearts-of-the-corn" and some milk or cream—and fresh fruit, if it's handy—is just about the very last word in appetizing appeal! And, your good taste will prove that!

Kellogg's Corn Flakes ought to be superior—they are the original Corn Flakes! Kellogg's are never tough or leathery; never hard to eat; never a disappointment!

Be certain to get Kellogg's—the delicious kind of Corn Flakes in the RED and GREEN package—because none are genuine without the signature of W. K. Kellogg, the originator of Toasted Corn Flakes.

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLE and KELLOGG'S BRAN, cooked and krumbled

MR. COX DESPONDENT

It is indeed sad to see former Gov. James M. Cox, in urging a continuation of the campaign to have this country join the League of Nations in his recent addresses, grow despondent over the return of prosperity unless his recipe is accepted. He implies that, in his opinion, a great mistake was made by the voters in the last election. "In the calm review of history," he says, "the period and events in question will be referred to as 'the madness of 1920.' If we had lifted our voice for international cooperation, we would today be prosperous. As one surveys conditions at Washington he finds little ground for hope of stable prosperity."

Mr. Cox certainly paints a rather gloomy picture, but that may be some satisfaction to him, for if anyone ever had cause for feeling hopeless he has, and if he sees a somber future let him enjoy it as he may. He himself was "the madness of 1920" and he has not yet recovered.

Had he, however, cited the prosperity which prevails in the nations in the League, there might have been some point to his utterances. It is, of course, well known that their membership in the wonderful League has not removed their industrial troubles, and it would not have solved the problem had the United States become a member. No League would have removed the debts, readjusted the industries or have eliminated the hates and recriminations of Europe.

Mr. Cox's gloomy utterances are mere campaign clap-trap and are given prominence only because he was the last Democratic candidate for president. His unfitness for such an honor was demonstrated in that memorable campaign, when the people rendered their opinion of him by an adverse majority of over 7,000,000—and is again being demonstrated every time he makes a political speech.

SPEED UP TARIFF BILL

THE WORLD WAR virtually suspended the operations of the Democratic tariff, the baneful effects of which in the days immediately prior to the war are well known. A temporary, though a feverish, prosperity followed for two or three years, but this has all been changed. Europe is now not able to buy, but she is able to produce. Her ratio of wages is only a fraction of ours, therefore she can produce a great deal more cheaply than we can. An ounce of gold pays wages for 20 hours of work in the United States, 50 hours in Great Britain, 90 hours in Japan, 100 hours in France and 200 hours in Germany.

As a result of these extremely low wages in Europe, American markets are being flooded with European-made goods offered for sale in this country at prices of only a fraction of what American labor costs. Our prosperity depends upon American labor being employed, and if American industry is to thrive, Congress must enact at the earliest possible moment a perfectly fair and reasonable protective tariff law. If there is unnecessary delay in the Senate after full discussion of the bill now before that body for consideration, the rules of the Senate should be amended so as to make it possible for the majority to function properly and do business promptly.

Undoubtedly, with the early enactment of the new tariff law, and the prompt funding of the foreign debt already provided for by law, industrial conditions will improve, and under Republican policies we shall have peace and prosperity at home as we have honor and prestige abroad.

AFTER DELINQUENT TAXES

THE TREASURY DEPARTMENT is resorting to drastic measures to speed up the collection of delinquent income and excess profits taxes. The auditing of returns is being greatly accelerated, and many millions of dollars of overdue taxes are pouring into the Treasury as a result. Intentionally fraudulent returns are being effectively dealt with. It is said that one large corporation has just paid \$500,000 as a penalty for rendering such a return, and a fine of \$1,000,000 was levied against another concern found to be \$4,000,000 short in its payments, but it was compromised when it was found the firm had recently been a heavy loser and had gone into other business.

WHAT McADOO DOESN'T KNOW

MANY of the assertions of W. G. McAdoo concerning the operation of the railroads while he was Director have been so completely refuted that the opinion is freely expressed that he has fully demonstrated that he knows as little about railroading as he did about finance. And when Secretary of the Treasury he proved, to the satisfaction of financiers at least, that what he didn't know about finance would fill quite a big book.

SPEAKING before the Kiwanis club at St. Cloud a few days ago, Secretary of State Holm, who favors a gasoline tax instead of the Babcock auto tax, declared that if some restriction were not placed on trucks as to carrying capacity, the concrete roads would be worn out in three years. Our next Legislature should remedy this—and also substitute a gasoline tax for the auto tax.

THE UNITED NATIONAL CLOTHIERS, at their annual buying convention in Chicago this week, promised price reductions "up to 15 per cent" in men's clothing and furnishings for the coming fall and winter—which would help some.

THERE was a decrease in the number of railroad employes in the country from January, 1921, to January, 1922, of 252,808. This would indicate the good faith of the owners in endeavoring to return their properties to paying basis.

BRAINERD HIGH VS CROSBY SATURDAY

The Brainerd high will trot out her baseball team at Crosby's diamond to battle against hard luck and a hard fighting nine this Saturday. The Range contenders are exceptionally apt to the complications of baseball, having thus far shown a 100% record. But without a doubt they can be beaten and the blue and white have taken it upon themselves to puncture their dream of being champions of the Central High league.

The ball park will be well represented with Brainerd advocates. The Senior class having taken advantage of the occasion are going to make a picnic of the affair.

Don't forget tonight is the night of the Athletic Association's Show.

BUSINESS MEETING

Of Clara Luther League at 7 P. M. Tonight, Lecture by Dr. P. A. Mattson at 8 o'clock

Special attention is called to the business meeting of the Clara Luther League at 7 o'clock this evening. All members of this organization are again urged to be prompt in attending this important business session.

Everyone is also again reminded of the lecture by Dr. P. A. Mattson to be given promptly at 8 o'clock. Do not fail to take advantage of this opportunity to hear Dr. Mattson lecture. No admission will be charged but the usual collection will be taken for the Luther League.

Augsburg Seminary Band

On Friday evening, tonight, the Augsburg Seminary Band will give a concert at the Ekelund Lutheran church, South Long Lake. The band consist of 22 pieces and will give a program that will vary from the one in Brainerd on Thursday evening.

This is an opportunity for every music lover to avail themselves of, and we expect a good turnout. If the church proves too small the band will play outside the church. Come and bring your friends.

Is Ancient Salutation.

The salutation of English-speaking races of shaking hands is very ancient. It is mentioned by Homer, Aristophanes, and by Virgil. As the confirmation of a bargain it appears in II Kings 10:15. It is nevertheless practically relegated to the Anglo-Saxon races today.

HERB POSTON TO PITCH FOR BRAINERD

Former Detroit American League Pitcher to Battle Against Hegna of St. Cloud

3 P. M. SUNDAY AT ST. CLOUD

Brainerd's Line-up Given, Locals are Confident of Winning From the "Granite City"

Baseball fans of Brainerd will have the opportunity of getting out and backing up the Brainerd Baseball club Sunday, when Brainerd plays the St. Cloud baseball club in St. Cloud. Automobiles carrying the baseball players will leave Smacker's pool hall at 10 a. m., Sunday. The game is called for 3 p. m. at the ball park in the Granite City, and everybody who has an automobile and can get away is expected to accompany the club on their invasion down the river.

Herb Poston, former Detroit American League pitcher will do the huckling for the local club. Last year

BREAKS up FEVER

A chiropractor would rather get a fever case than anything else. Why? Because it is a common thing for fevers to break up after one or two adjustments have been given.

Fever is excessive heat brought about by certain subluxations; as soon as the subluxations are adjusted and Nature can work normally again, the fever disappears.

See your chiropractor. Consultations and spinal analysis Free.

ELKS HALL, MAY 5, 1922

Eight O'clock

Poston shut out St. Cloud while playing with Foley, one to nothing in 13 innings, and wonders are expected of Herb next Sunday. He will be opposed by H. O. Hegna, a southpaw who St. Cloud has imported from Oklahoma. This game ought to be a tight battle, from the start off and the loyal fans, who will accompany the team to St. Cloud are surely in line for a very rare treat.

The players and positions played for Brainerd are as follows: Poston, pitcher; Gaskill, catcher; Emerson, first base; Winslow, second base; Ted Stallman, shortstop; Molstad, third base; and the outfield will be made up of Sheflo, Caron, Belfy or Imgrund.

The local club is very desirous of having a big turn out at this game, and they want everybody that can possibly go to St. Cloud to be on hand at 3 o'clock, when the umpire will say play ball.

"THE CALL OF HOME" is one picture in a thousand. It tells the life story of a man who deserted all he held dear because he thought the One Woman was unfaithful to him.

He fled to South America, married a native girl who saved him from death in a torrential river, and tried to be contented.

But not until the bars that kept him from home were swept away by a devastating flood, and he had returned to home and kindred did he find peace and happiness.

This is a really great picture. The flood scenes will make you want to stand up and shout.

SCHOOL BOARD HAS AUTHORIZED PAYING

President and Secretary to Sign Paying Bonds on Sixth Street Abutting School Property

300 FT. SOUTH, 150 FT. N. OF OAK

A. T. Fisher Given Contract to Furnish 200 Tons Screened Yough. Coal at \$9 Ton

The school board at its regular monthly meeting, attended by all members except Mrs. A. H. Anderson, authorized president and secretary to sign paying bonds on Sixth street abutting school property, being 300 feet south of Oak street and 150 feet north of Oak, amounting to approximately \$1140.

Routine claims and accounts were allowed.

Mr. Dahl on behalf of the water and light board asked permission for use of the assembly room in the high school and another room in the Lowell building in which the board wished to put on an electrical demonstration and lecture on electrical goods. The board went on record to the effect that unless the Brainerd Electric company and other firms handling electrical appliances were allowed to give demonstrations at the same time and be given equal privileges, the request be not granted.

The secretary reported a student of the high school as having broken a piece of statutory given by a class several years ago as a memorial. It happened to be Abraham Lincoln and the latter had his head crushed. The board ruled the boy was to work at different times during the summer and thus pay for half the cost of the statue and the board would pay the balance.

A communication was received from the Trades & Labor Assembly regarding a proposed salary schedule for teachers. Resolutions adopted by the Whittier parent-teachers association were received and placed on file. Supt. W. C. Cobb made his April book room report and it was placed on file.

Mr. Dahl as representative to the 50th anniversary celebration reported on progress by the celebration committee. A small allowance was made by the board for painting banners, etc.

The building committee reported on cleaning off rubbish at the new Mill school grounds, and recommended grading same and seeding grounds.

Arrangements were made with J. R. Webster, custodian of the Whittier school, for him to live in the school basement for the present.

The building committee recommended adding drinking fountains in schools not so now equipped. Mrs. W. H. Gemmell reported on work done by her committee in health and sanitation work.

A resolution was adopted authorizing the finance committee to effect two temporary loans, one of \$2500 and one of \$8,000 to carry the board over to the May settlement.

At the special meeting previously held, A. T. Fisher was awarded the contract to furnish city schools with 200 tons of screened Yough. lump coal at \$9 per ton.

The board accepted sketches as modified by the state department of education, originally drawn by I. U. White for the Riverside school addition, and he was engaged to make the necessary blueprints and specifications.

The board received a report from the teachers committee which recommended re-employment of all teachers on the staff at present and the salaries same as last year.

SEARCH LIGHT ON WATER TOWER

Committee of Shops, Foundry and Railways Expects to Illuminate It by Early July

FOR CITY'S HOME COMING WEEK

Fund to be Raised and Paid Into Committee's Hands by May 20. Subscription Lists Circulating

There has been a great deal of discussion among the employees of the Northern Pacific railway, Parker & Topping Co. foundry and Minnesota & International railway in the past few months in regard to placing a search light on the top of the concrete water tower on Sixth street, and this discussion has finally culminated in the appointment of a committee to take this matter in charge.

"The business interests of Brainerd have already raised a fund and installed a circle of small lights on the top of the tower and we feel that we should do something towards adver-

tising our city as well as the business men," said committee members.

"Now what we wish to do is to install an automatic search light and the light we have in view of purchasing is one that can be so timed that it will revolve from one to three revolutions per hour and the rays will be visible for thirty miles."

"Considerable money has already been subscribed to a fund for this purpose and all that the committee is asking is 25c from each subscriber and as the amount per individual is so small we expect every employee will be willing to donate this amount and if we are not disappointed, the amount so raised will be sufficient for the purpose."

"This fund must be raised and paid into the hands of the committee by May 20th as we wish to install this light and have it in active operation in order to illuminate the city during the Home Coming Week which commences on July 3rd."

"To make it easy to collect this money, a subscription list will be placed in the hands of the foremen of every department of the N. P. M. & I. and foundry."

"Now please go to your foreman, sign your name and give him 25c and your committee will see that light is installed in time to shed its rays over the thousands of visitors who will be in Brainerd during the Home Coming Week and your committee feels that this search light will be an everlasting monument to the generosity of the railroad and foundry interests of Brainerd."

Joseph Midgley, foreman of the north side machine shop, is chairman of this committee and will be only too pleased to furnish any further information in regard to the plan.

NOTICE

White Cross Temple Number 6, Pythian Sisters, are requested to meet at the home of Mrs. Dan Lawrence on South 6th St. Saturday afternoon at 1:30 to attend the funeral of sister Mrs. Albin Nelson, at the Swedish Baptist church on South 10th street.

"SUCKER CLUB" PULSATING WITH LIFE

Old Timers Have Acquired, Borrowed or Walked Off With a Sein of Some Kind and

WILL SOON HARVEST SUCKERS

To be Followed With a Sucker Head Soup Given on Gull Lake Shores With Ecstasy

One of the pioneer organizations which has written history of various kinds is the "Sucker Club". This sucker club doesn't mean any kind of a club similar to what George Randolph Chester's "Wallingford" might have evolved but is a real fishermen club whose trophies are fish called suckers.

The "Sucker Club" has not really been dead, but has simply been in a state of inanition as regards doing anything. The warm spring days now merging dangerously close to summer time have caused the club to pulse with life and the officers and directors are planning sucker activities.

The calendar includes a huge sein for suckers at Gull lake. In some way or another, the club has either borrowed, walked away with or in some surreptitious manner acquired a huge sein and the latter will be used shortly to make an incursion into the sucker population now flapping about in Gull lake all unaware of the fate ahead of them.

The Sucker club has a president of some kind. It never had a secretary or treasurer. The word has been passed about and the beacon fires kindled announcing that a sucker head soup feast will be held following the seining operations. All suckers not eaten are given decent burial in the sands of the lake.

DISTRICT COURT PROCEEDINGS

Grand Jury Made a Partial Report on Thursday Afternoon, Nothing Made Public

DANDREA VS EIFOLLA ON TRIAL

Suit for Goods Purchased, D. B. McAlpine for Plaintiff, Swanson & Swanson for Defendants

The roll of the petit jury was called in district court, with Judge C. W. Stanton on the bench. Ed Folla, James Casey and George W. Clive were excused. E. J. Hunter was excused, exemption being claimed because of his age, 67 years. N. E. Johnson did not answer the call and an attachment was issued. Mr. Johnson came to court Friday morning, gave an excuse which proved satisfactory to the judge, and he is now in attendance.

Petit Jurors Wm. Hardy, August Larson and Peter Brandt were excused from service for satisfactory reasons.

The grand jury made a partial report at 4:30 p. m. Thursday and again retired to their deliberations. Nothing was made public about their report.

Friday in Court

Friday morning the case of H. K. Dimmick vs A. H. Proctor and First State Bank of Ironton was called. The plaintiff, who first appeared for himself, later engaged Swanson & Swanson as his attorneys. Attorney D. B.

McAlpine of Ironton represented the defendants. The jury was drawn, sworn and the case started when Mr. McAlpine made objection to the introduction of any evidence, stating the complaint did not state a cause of action. The court took a recess, Swanson & Swanson for the defense, the attorneys argued and plaintiff's dant.

AMUSEMENTS

"The Call of Home"

Three of the most popular and beautiful kiddies in screenland appear in "The Call of Home," L. J. Gasnier's spectacular production distributed by R-C Pictures and scheduled for screening at the New Park tonight and Saturday. The story was adapted from the pen of George Agnew Chamberlain and which was published recently in Century Magazine.

The youngsters are three, five and eight years old respectively and their names are Muriel MacCormack, Barbara Maier and Gloria Holt. Muriel, although "just three," has already made quite a name for herself as "the baby who wasn't afraid of anything." The little lady is on good terms with a score of elephants, lions, tigers and bears—for her first picture experience took place in a serial called "Miracles of the Jungle." Later Muriel played in four comedies and now she is branching out in dramatic work.

Barbara Maier was born in San Diego, Cal., and leaped into prominence when she was awarded first prize in a contest as the perfect screen baby.

Gloria Holt has been an actress for more than two years now and has appeared in support of many stars.

Lon Chaney as Chinese Tong Man

"Bits of Life," the Marshall Neilan novelty production which presents the combined works of four authors, is the popular First National attraction at the New Park Sunday only.

Perhaps the most interesting characterization is that which is given by Lon Chaney, who takes the role of a Chinaman in a version of Hugh Wiley's Saturday Evening Post story "Hop." Others who play an important part in this episode are Anna May Wong, the talented Chinese actress, and Teddy Sampson.

In other episodes of "Bits of Life" such well known players as John Bowers, Noah Beery, Wesley Barry, Harlett Hammond, Rockcliffe Fellows and James Bradbury, Jr., appear. "Bits of Life" is an extremely clever production and marks the advent of a new type of screen entertainment in the amusement world.

Mayo in Rugged Film Play

Frank Mayo comes to the Lyceum theatre tonight only in an interesting photodrama with a backwoods theme. "Go Straight" is his latest Universal feature, which is a screen adaptation from a well known magazine story, "The Reverend Meddler," by William Harper Dean. It ran as a serial in "The Country Gentleman," George Hively adapted the story for the screen and the noted director, William Worthington, had charge of the filming.

Supporting the star is a cast of unusual merit, containing such names as Lillian Rich, Harry Carter, George Marion, Charles Brinley, Cora Drew and Lassie Young. Like many of his former successes, "The Brute Breaker," "Colorado," and "The Shark Master," Mayo's latest furnishes him with a clashing, slashing background of man-to-man action.

"The Three Musketeers"

Those who view Douglas Fairbanks' latest United Artists production, "The Three Musketeers," will be given a film tour of Paris as it was in the early Seventeenth Century; of Buckingham Palace and several ancient and picturesque continental towns.

To meet the requirements of this story, three acres of exterior sets and one acre of interiors were built, all duplicated from ancient engravings of historical buildings of that time.

"All told," said Robert Fairbanks, production manager and brother of the famous Doug, "we built 37 interiors and 40 exteriors, every one of them costing at least three times as much as any other set ever constructed on the Fairbanks' lot."

It is believed by the management of the Lyceum theatre, where this stupendous film spectacle will be shown next Wednesday and Thursday, that "The Three Musketeers" will not only represent an overwhelming photographic drama, but that it will also afford a golden opportunity to review the early history of France.

No more vivid impression could possibly be given of the gates of Paris, or of the quaint streets and picturesque buildings of the city than that conveyed in the scenes wherein D'Artagnan and the three musketeers give battle in slashing duels to the Cardinal's Guards.

"The Blue Moon" at Lyceum Theatre

One of the most delightful of this season's photoplays will come to the Lyceum theatre Saturday. "The Blue Moon," a "Flying A" adaptation of the new and popular book of this name by David Anderson, has had an enthusiastic reception everywhere.

The time of the story is the early forties. The scene is laid among a

reckless, dangerous breed of river men, the pearlhunters of the Wabash flats of Indiana. Like the book, the play will appeal to all ages and types of people by its natural, unsophisticated treatment of the mystery element about which the plot is woven, interspersed with bits of sparkling humor and an unusually pretty romance.

"The Blue Moon" is a drama that has its sharp contrasts and moments of high suspense. Harry Northrup does the villain act with dreadful realism—and an angry mob all but lynch the Pearl hunter when the mysterious "Red Masks" work is laid at his door.

POISON FOUND IN VITAL ORGANS OF DEAD CHOIR GIRL

(By United Press.)

Danville, Ill., May 5—Poison was found in the examination of the vital organs of Gertrude Hanna, choir girl who was found murdered in the basement of the Presbyterian church parsonage at Hodgeston, according to advices reaching John L. Lewmar, district attorney here today.

Details of the traces of poison found were not made public pending receipt of the final report of the examination from Chicago physicians expected tomorrow.

With this information that the girl died of poisoning, officials redoubled their efforts to trace the source of the drug.

SMALL JUROR IS CHALLENGED AND DISMISSED

(By United Press.)

Waukegon, Ill., May 5—Charles Melville, juror sworn in with the second panel to try Governor Small, was challenged and dismissed by the defense today.

Judge C. C. Edwards allowed the opening of the second panel to remove Melville on motion of the defense and over bitter opposition of the state's attorney.

Attorneys for the governor declared Melville had expressed opinion as to the executive in the jury room.

SPECIAL COUNTY SCHOOL TAX LEVY IS HELD VALID

(By United Press.)

St. Paul, May 5—The State Supreme Court today held constitutional the law passed by the last legislature providing for a special county school levy.

The law provides that where the regular levy does not produce 90 per capita per student, the county auditor may levy a special tax to make up the balance. Whitney Wall, Duluth, brought a case on the ground that the law was special legislation.

Anderson Withdraws as Democratic Candidate for Governor

(By United Press.)

St. Paul, May 5—Walter Anderson of Badger, withdrew from the race for Governor today, leaving Edward Indrehus of Foley the only Democratic in the race.

Anderson recently had filed for the Democratic nomination. Unless some other Democratic files for governor by Monday, Indrehus will be unopposed for the nomination.

K. K. Solberg of Clarkfield filed for the state senate in the 13th district.

T. H. Nelson of Alexandria filed for the senate from the 27th district. Senator J. L. Wold of Twin Valley filed for re-election from the 64th district.

C. A. Gish of Onamia filed for candidate for the House from the 56th district.

Most Difficult Things in Life.

A Danish paper recently asked the readers to state what is the hardest thing in the world to do. It received many more replies than it had anticipated, some of which are as follows: To be a toe dancer if you weigh 200 pounds, to get back borrowed books, to trim one's nails while wearing boxing gloves. Some of the readers took the question seriously and answered it seriously. One replied that to live without telling a lie was the most difficult of all.

Must Carry Allotted Load.

It is easy to say that we have no vote on the question of our own entrance into the world. Here we are, and must remain, and we are bound to make the best of it. We must carry the load, and our consent is unasked; if we drop the burden, human society finds its own way, in its own time, to punish us, no matter what penalty inexorable Nature imposes.—Exchange.

Shakespeare.

Although his sails are purple and perfumed, and his prow of beaten gold, they wait him on his voyage, not less, but more rapidly and directly than if they had been composed of baser materials.—Francis Jeffrey.

DESERTED BRIDE WITHOUT MONEY FORGES CHECK

(By United Press.)

Minneapolis, May 5.—When Mavis Carlson taught school, she was considered the village belle.

One day one of the town swains persuaded her to elope with him and they were married in Minneapolis recently.

A short time later the young husband disappeared, leaving the 23 year-old bride to look out for herself. Without work and without money, she forged a check. She is held to the grand jury on charge of forgery.

Nurses Needed by Government

Washington, D. C., May 5—The United States Civil Service Commission states that there is need for nurses in the hospitals of the United States Veterans' Bureau and the Public Health Service and at Indian schools and agencies. Applications will be received for these positions until further notice.

Applicants are not given a written examination, but are rated upon the subjects of physical ability, weighted at 10 per cent, and training and experience, weighted at 90 per cent. Applicants must have graduated from a recognized school for trained nurses requiring a residence of at least two years in a hospital giving thorough practical and theoretical training.

Full information concerning entrance requirements, salaries, etc., and application blanks, may be obtained by communicating with the United States Civil Service Commission, Washington, D. C., or the secretary of the civil service board at the post office or customhouse in any city.

Hard-Worked Cabinet Official.

John W. Weeks breathes a very sincere sigh of relief at the end of each week of his official life. Being secretary of war and frequently called upon to testify before some committee of congress is only part of his duties. He is also chairman of the council of national defense, a member of the Smithsonian Institution, the Arlington memorial amphitheater commission, chairman of the commission on memorial to women of the Civil war, president of the national reservation commission, on the Grant memorial commission, chairman of the Meade memorial commission, on the United States interdepartmental social hygiene board, member of the Rock creek and Potomac parkway commission and chairman of the federal water power commission. Aside from that he has nothing to do but try to beat President Harding playing golf.—Washington Star.

Juvenile Reasoning.

Roland was carrying in wood from a pile his father had just split, and instead of taking it from the side nearest the house he went around on the other side every time, thus decreasing the size of the pile from the back. His father asked why he didn't take it from the side nearest and he replied: "Well, after a while I'll be tired, and then I won't have so far to go for it."

PILES

Persons afflicted with piles suffer the tortures of the damned. This continual suffering reacts on the nervous system, resulting eventually in a complete breakdown. There is no need for anyone to endure this suffering when the means of quick relief are right at your hand. Dr. A. W. Chase's Ointment will relieve you at once, and not only that, when the treatment is persisted in it affords lasting benefit. Dr. A. W. Chase's Ointment is known far and wide as the great home remedy for Ring Worm, Chafing, Sore Feet, Chills, Hives, Insect Bites, Pimples, Blackheads, Chapped Hands and all irritations of the skin. At all drugists. To be sure of getting the genuine, see that the portrait and signature of Dr. A. W. Chase are on the box—a trade mark for your protection.—Advertisement.

Indigestion Unchecked Leads to Poisoning!

Fermentation of Food in Digestive Organs Cause of Trouble

If you suffer from indigestion it is a sure sign that your system is being slowly poisoned by the fermentation in the intestines. This condition produces heartburn, choking sensations in the chest, a feeling of heaviness or drowsiness, irritability, discouragement and despondency.

Mr. M. J. Christopher, 5724 Keyser Street, Germantown, Pa., long a sufferer from indigestion, writes:

"Before using Dr. A. W. Chase's medicines, I felt so badly that I did not care whether I lived or died. I suffered from indigestion and my stomach would be so upset that even a piece of bread and a cup of coffee would give me great pain. Since taking Dr. A. W. Chase's K-I Pills I can eat almost anything without feeling any after-effects. The sore, aching feeling which I used to have in the lower part of my back is gone, and I feel so ambitious to do many things which I could not do before."

You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box. This trade mark is your protection against imitations and substitutes.—Advertisement.

CATARRH OF THE STOMACH

YOU CAN'T ENJOY LIFE with a sore, sour, bloated stomach. Food does not nourish. Instead it is a source of misery, causing pains, belching, dizziness and headaches.

The person with a bad stomach should be satisfied with nothing less than permanent, lasting relief.

The right remedy will act upon the linings of the stomach, enrich the blood, aid in casting out the catarrhal poisons and strengthen every bodily function.

The large number of people who have successfully used Dr. Hartman's famous medicine, recommended for all catarrhal conditions, offer the strongest possible endorsement for

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.
